**Subject:** FW: Tommy-s Medical Excuse for Absences

**Dear Ms. Stines,**

Thomas Alan McElroy was absent from school from Monday, 2/5/24, through Wednesday, 2/7/24, inclusive. He had the flu, type B.

Attached is a note from his pediatrician, confirming that he was in fact ill with the flu, and releasing him to go back to school on the 7<sup>th</sup>. However, he was still running a fever on the evening of the 6<sup>th</sup>, so I held him out of school on the 7<sup>th</sup> as well. He returned to school on Thursday, the 8<sup>th</sup>. He is still coughing, but the doctor says that he is not contagious to his fellow students.

Please let me know if you will need anything else to excuse Tommy's three absences this week!

Any questions, please call me.

Tom McElroy
